

ADVANCED ASSOCIATE SAFETY PROFESSIONAL (ASP) AND CERTIFIED SAFETY PROFESSIONAL (CSP)

ClickSafety is presenting a SPAN™ Advanced Associate Safety Professional (ASP) and Certified Safety Professional (CSP) Examination Preparation Virtual Workshop, July 28-30, 2020. Hosted by ASSP-CWC and SAIF.

Registration: Click [here](#)

This advanced ASP/CSP exams preparation workshop is tailored for professionals dedicated to a fast track approach of achieving the CSP certification. This fast-paced course is designed for those eligible for the ASP and CSP exams. An expert facilitator will deliver the curriculum using hybrid learning activities of lecture, facilitated group discussion, case studies and self-directed learning.

ClickSafety, a leader in online safety training for construction and general industries, has delivered award-winning online safety training to more than 10,000 organizations worldwide. It was the first to offer the OSHA 10-Hour and OSHA 30-Hour safety courses online. ClickSafety's course library has more than 300 courses to help organizations promote and foster a strong safety culture. Founded in 1999, ClickSafety is a subsidiary of Ascend Learning, Inc., a leading provider of technology-based educational curriculum and assessment solutions for healthcare and other vocational fields. For more information visit www.clicksafety.com.

At the completion of the advanced ASP/CSP prep workshop participants will learn to:

- Interpret exam blueprints
- Understand and apply both BCSP philosophy, and SPAN recommended test taking strategies
- Identify and close individual knowledge gaps
- Design an individual study plan that ensures exam success
- Solve answers to representative exam questions
- Become familiar with resources available to prepare for the exam
- Utilize information about certification requirements and scoring procedures in your test preparation

Advanced concepts and themes include:

- Advanced math and science
- Safety management systems
- Risk management
- Environmental management systems
- Emergency management
- Training, education, and communication techniques
- Occupational health and ergonomics
- Professional conduct, ethics and law

The SPAN™ workshop includes professionally published ASP and CSP Exam Study Workbooks, BCSP approved scientific calculator, pencils, notepad, highlighter, and SPAN™ offers a 6-month membership to the CertBok® online learning management system for both the ASP and CSP.

* If you take an examination applicable to the SPAN™ workshop you attended and do not pass, you can retake the workshop for free within one year of your original workshop date. This is subject only to our public workshops and is dependent upon capacity for additional students.

3 Days *

\$1,400
per registrant

Location: We will be using the GoToTraining platform.

Dates: July 28-30, 2020

Time: 8:00 AM to 4:00 PM, PDT with an hour lunch and periodic breaks
